RE: Project Budget for the UConn Health Transitional Nursery Renovation
(Final: \$1,800,000)

RECOMMENDATION:

That the Board of Trustees approve the Final Budget in the amount of \$1,800,000 as detailed in the attached project budget for the UConn Health Transitional Nursery Renovation.

RESOLUTION:

“Be it resolved that the Board of Trustees approve of the use of \$1,800,000 from UConn Health Capital for the UConn Health Transitional Nursery Renovation to allow construction to proceed after bids have been received and evaluated for conformance with the project scope and budget.”

BACKGROUND:

The UConn Health Labor and Delivery currently uses a “rooming in” program where the mother and baby stay together during recovery and is served by a small satellite nursery that can accommodate 2 bassinets. This project would renovate space to create a 6 bassinet nursery including a transitional nursery for a baby that requires additional monitoring and care.

The Final Budget is attached for your consideration and upon approval will allow this project to proceed into construction. The budget is based on estimates and may be subject to change when bids are received. This Final Budget was approved by the UConn Health Board of Directors at their meeting on June 12, 2023.

RE: Project Budget for the UConn Health Transitional Nursery Renovation
(Design: \$1,800,000)

RECOMMENDATION:

That the Board of Trustees approve the Design Budget in the amount of \$1,800,000 as detailed in the attached project budget for the UConn Health Transitional Nursery Renovation.

RESOLUTION:

“Be it resolved that the Board of Trustees approve of the use of \$1,800,000 from UConn Health Capital for the UConn Health Transitional Nursery Renovation and; approve the request for a waiver of the submission of a Planning Budget for approval, to allow bidding to occur as soon as the project design work is completed.”

BACKGROUND:

The UConn Health Labor and Delivery currently uses a “rooming in” program where the mother and baby stay together during recovery and is served by a small satellite nursery that can accommodate 2 bassinets. This project would renovate space to create a 7 bassinet nursery along with an isolation area that can also serve as a transitional nursery for babies that require additional monitoring and care.

The Design Budget is attached for your consideration. The Design budget reflects current design estimates and may change as bids are received. This Design Budget is anticipated to be approved by the UConn Health Board of Directors at their meeting on March 13, 2023.
